ALPER KIZIK

Chepelare, Bulgaria | +359 878 703 383 | alperhasankizik@gmail.com | linkedin.com/in/alperkizik | Authorized to work in Bulgaria

SUMMARY

MBA graduate in Management Information Systems with 3+ years of experience in data quality, operations and process improvement. Experienced in Agile workflows, requirements gathering, process mapping and data-driven research.

PROFESSIONAL EXPERIENCE

Data Quality Assurance Specialist
Oliant LLC, Remote, USA | May 2023 - Present

- Validated data across large global datasets to keep structure and quality consistent.
- Used Jira in Agile workflows to track and resolve data and technical issues.
- Delivered tracking reports and insights for cross-functional project teams.

Research Team Lead (Volunteer)
Wiley-IEEE Book Project, Remote, UK | Jan 2025 - Jan 2026

- Led an interdisciplinary team for a book on intelligent power systems, digital twins and big data, under Prof. Sinan Kufeoglu.
- Gathered requirements and analyzed industry data to support the technical framework of the project.
- Prepared industry data as structured visualizations that met IEEE standards.

Business Process and Data Quality Analyst
Cybertexex, Remote, Bulgaria | May 2024 - Jan 2025

- Tracked software operational metrics and data quality to keep the platform consistent.
- Analyzed technical logs and anomalies and wrote clear process improvement reports.

Research Assistant (Volunteer)
Springer Book Project, Remote, UK | Mar 2024 - Oct 2024

- Mapped global green regulations and ESG frameworks, summarized the findings and created infographics, under Prof. Sinan Kufeoglu.
- Analyzed market datasets to connect academic concepts to practical sustainable finance.

Customer Success and Technical Support Specialist
TELUS International, Remote, Bulgaria | Jun 2023 - Mar 2024

- Supported customers in Turkish and English by following up-to-date articles.
- Analyzed recurring customer feedback to find bottlenecks and improve workflows.
- Turned complex client issues into clear, structured resolutions in an international environment.

Operations Assistant (International Trade)
VEO, Sofia, Bulgaria | Nov 2022 - May 2023

- Took part in operational process management and project work within the international trade team.
- Analyzed supplier data and market trends in CRM platforms to improve vendor tracking.
- Worked with business development to map supplier processes and support supplier relationships.
